This subsection does not apply to cameras used as a regular part of the security of the facility that is a voting place or one-stop site.

08 NCAC 10b .0107(a)(1)

Any assistance rendered must be performed in person, and shall not be allowed by electronic, paper, or mechanical means of communication with a person outside the voting booth, except in circumstances of disabled voters with special needs. The use of electronic, paper, or mechanical devices by the voter, while alone in the voting booth and not in contact with another person outside the voting booth, shall not be considered voting assistance;

08 NCAC 10b .0107(f)

It shall be presumed that the operation by a voter of any means of communication capable of being received by a voter in the voting booth shall constitute an attempt to receive unlawful voting assistance, except in cases of a disabled voter with special needs. Upon having reasonable grounds to suspect such communication or operation by the voter, a precinct official may make inquiry and investigate the alleged operation of the communication equipment. The voter shall be informed of this presumption of unlawful assistance, and the prohibitions contained within G.S. 163-166.8 as to voter assistance. Regardless, any voter suspected of such conduct shall be allowed to vote and cast his or her ballot.
